

Eyelash Extension After Care

- First 2 hours - Do not allow water to contact the eyelids.
- First 48 hours - Do not wash eyes or lash extensions with Hot water or steam the face. Avoid Sauna Jacuzzi and Swimming.
- Do not use waterproof mascara as oil based mascaras may damage the bond. Ask your salon about our waterbased mascara.
- Use only oil free products to remove mascara.
- Do not perm Hollywood Lashes Extensions.
- Do not tint over bonded area (only root area)
- Rubbing eyes may pull out lashes with extensions attached
- Do not use heated curlers on bonded area (tips only)

Please treat your new Hollywood Lashes with care, just as you would hair extensions. Your natural lashes will shed naturally taking extensions with them. Arrange with your salon for regular infill treatments to keep that full lash look.
